Nurse Practitioner - Specialised Appointment

Nurse Practitioners assist with monitoring blood test results, medication optimisation, insulin pump settings and basic education and lifestyle mentoring.

Appointment Type	Fee	Appointment Length
Diabetes Initial	Bulk billed	40 minutes
Diabetes Review	Bulk billed	20 minutes
Weight Loss Clinic	Bulk billed	40 minutes
Smoking Cessation	Bulk billed	40 minutes

Credentialled Diabetes Educator

Diabetes Educators assist with education and understanding on managing diabetes and provide strategies to aid you in reducing the burden of the condition in meaningful ways that suit your lifestyle. For certain people, they can also assist with technology, starting insulin pumps, advice on managing day-to-day life with diabetes and optimising pump settings.

Appointment Type	Fee	Rebate*	Out of Pocket Fee
30-minute Session	Bulk billed	Bulk billed	None
60-minute Session	$86	$61.80	$24.20
Gestational Diabetes	$100	Not Applicable	$100
Pump Start (Short)	$86	$61.80	$24.20

* To be eligible for bulkbilling or a rebate, you must have a valid GP Care Plan within the last 12 months. Please ensure a copy is sent to admin@mybetahealth.com before your appointment.

Dietitian

A dietitian is someone who will work with you to improve your relationship with food. They help you understand the “why” behind food and will tailor their consults to suit your needs. For example, someone may need help with understanding carbohydrate content of food whereas others may want to achieve a healthier lifestyle.
